

EXECUTIVE BIOGRAPHY

Subramanian Srinivasan

**Senior Director of Engineering & Innovation
Zscaler**

Subramanian (Subbu) Srinivasan is Senior Director of Engineering & Innovation at Zscaler. Subbu is responsible for delivering new products in the Zscaler Emerging Technology Group. He was one of the cofounders/architects of the ZPA product line used to protect the most sensitive of private Enterprise workloads from attack.

Subbu has been in the cyber security industry for 20+ years and hold a couple of dozen patents. Of late he has been focusing on Zscaler efforts around 5G, OpenRAN, and AI/ML.
