Executive Biography

Dan O'Malley

COO

Nybsys

Dan O'Malley oversees the operations of Nybsys globally. He is the Chief Operating Officer with over 20 years' experience in both the radio network communications along with connected safety and security industries. He has extensive experience in RF, manufacturing, logistics, video, IoT, building management systems, and radio communications technologies. At Nybsys, Dan manages day-to-day operations in the US and works on strategic global accounts. Dan has worked at various companies in engineering, product development, sales, marketing and management roles. Most notably he worked at Cisco Systems for 8 years, Pelco for 5 years, and Motorola Solutions for 11 years. Dan has a MBA and a BS in Electrical Engineering from University of Illinois.
