

## Executive biography

[Julien Simon](#)

**Chief Evangelist**

**Arcee AI**

Julien Simon, Chief Evangelist at Arcee.ai, is dedicated to helping enterprise clients develop top-notch and cost-efficient AI solutions using small language models. With over 30 years of tech experience, including more than a decade in cloud computing and machine learning, Julien is committed to daily learning and is passionate about sharing his expertise through code demos, blogs, and YouTube videos. Before joining Arcee.ai, he was Chief Evangelist at Hugging Face and Global AI Evangelist at Amazon Web Services. He also served as a CTO at prominent startups.
